

To Unjunk Email--<https://emailsecurity.southern-cal.k12.ia.us/>

The following screen will appear—click Advanced.

The following screen will appear—Click Add Exception.

The following screen will appear—click Confirm Security Exception.

The following screen will appear—enter your **EMAIL** username and password.

Once you enter this screen, you can unjunk individual emails, unjunk all mail from a particular sender, or block junk mail from individual senders—you do not affect anyone else's mail traffic, just yours.
